Presidential Thoughts

The Young family hosted a fantastic September event—Valve Cover Racing at Sickies Garage Burgers and Brews-Orlando. We had 11 cars lined up at the starting line, and AJ Young kept us all honest by inspecting each entry for compliance before the races began. The competition was lively, with around 20 heats run before Lonnie Cook claimed the trophy. We created such a stir that several restaurant guests joined in the fun. After the awards, the talk quickly turned to one question: “How can I make my car faster for next time?” With that kind of enthusiasm, the upcoming GOF promises to be a real hoot.

This month we look forward to the Overnight at the Radisson in Port Canaveral, a chance to get familiar with the future home of GOF 2026 and explore the surrounding area. In November, we'll gather again for the always-popular Founders Day Picnic at the Waggoner's, where MG enthusiasts from other clubs are also welcome.

Plans for GOF 2026 continue to move ahead. Registration is open—***don't forget to take advantage of the 10% early registration discount available through January 1.*** While you're signing up, be sure to browse the MG apparel shop; it offers more than just T-shirts.

We're entering the best time of year for MG driving. Get out, enjoy the cool fall weather, and put some miles on those cars.

See y'all down the road!

Valve Cover Races Congratulations ELMO! ... and Lonnie-Jo Race Team

The CMGC valve cover races at Sickies Garage last Saturday was definitely one of the best events of the year thanks to the detailed setup by Jim, Penny, Daniel, and A.J. Young. Keep reading for more about their terrific setup.

Over a dozen race cars and thirty drivers and spectators attended. The championship race was one of the best of the day. #46L rusty racer, driven by "Elmo" of the Lonnie-Jo Race Team, nosed out Brad Parlee's #26 beautifully prepared and polished aluminum MG racer by less than an inch.

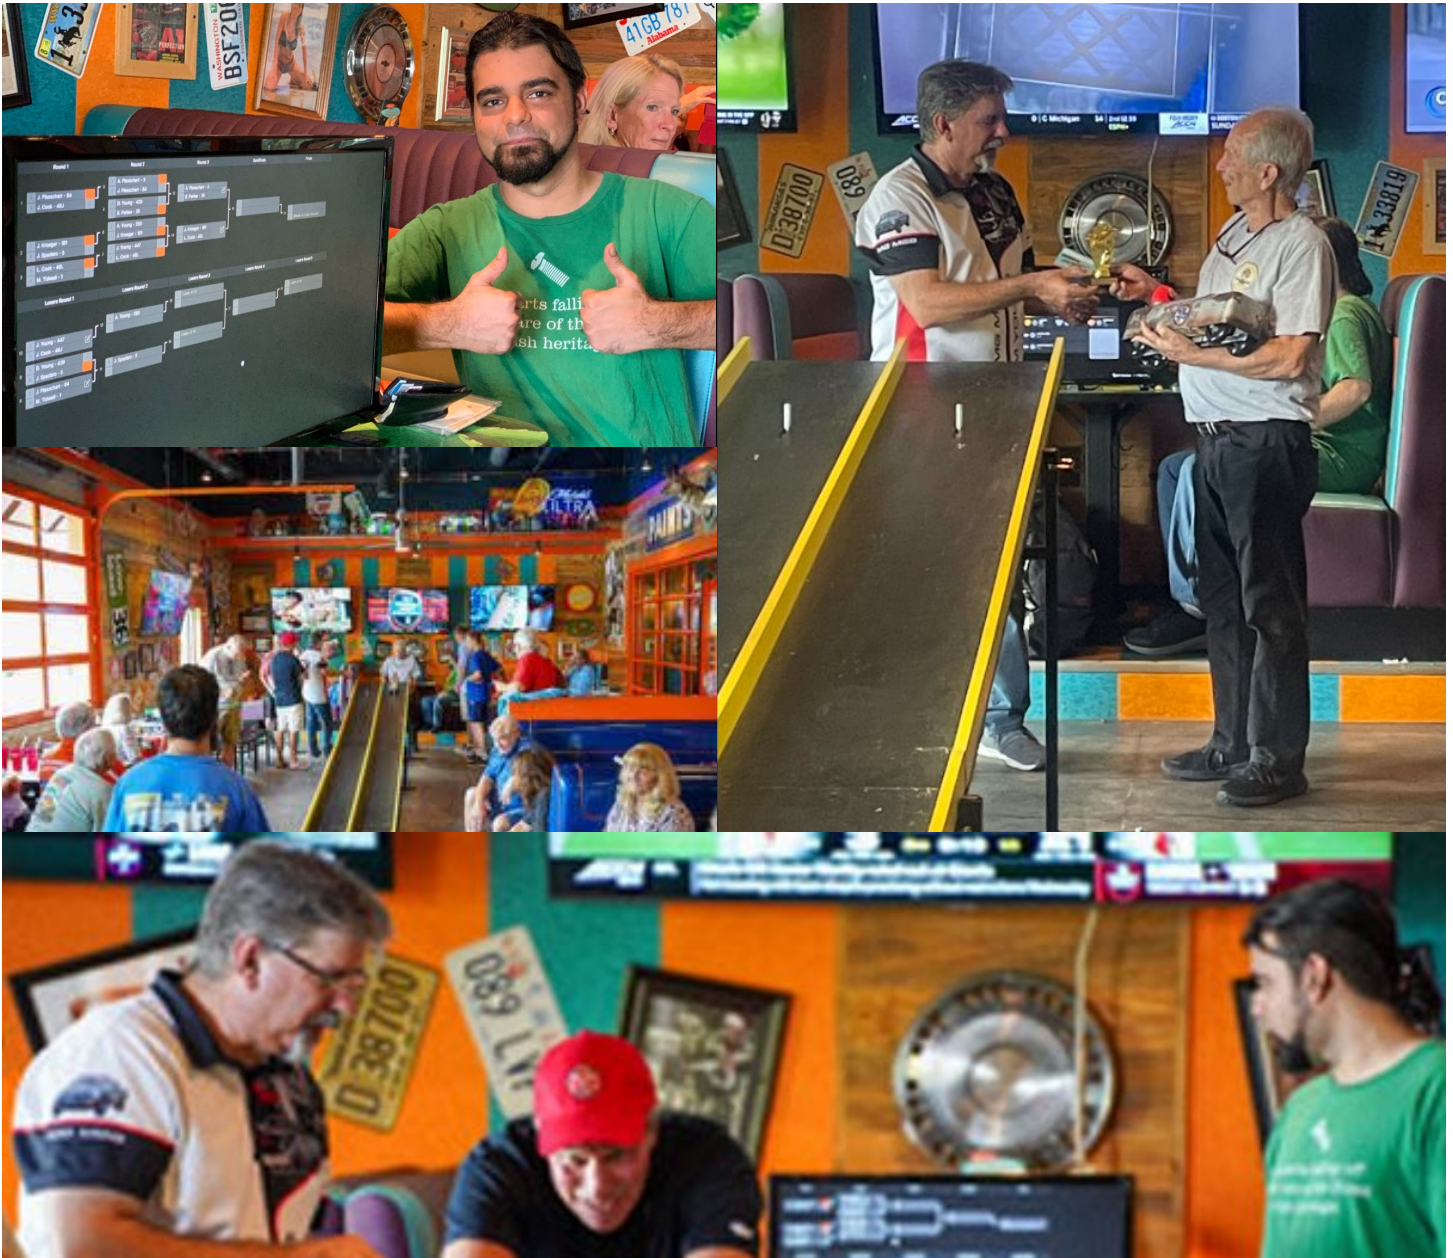

Club Happenings

Valve Cover Races *continued.. Taken from The Club's Facebook Thanks Lonnie*

THE RACE PROMOTERS:

Jim, Penny, Daniel, and A.J. reserved an entire room at Sickies for the races. They erected a professionally built racetrack, and they created a black and white checkered paddock highlighted by an MG flag to display the race cars. And, listen to this ..., they used a computerized scoring program and a Go-Pro at the finish line for photo finishes. Finally, they awarded the winning racer with a special valve-cover-racing trophy and a \$25 reward.

Everyone - start building your valve cover racer now to race in the Championship at GOF-South 2026, April 14-17, 2026...

...and thanks to all who attended and participated.

2026 GOF-South

6 MONTHS TO GO!!

60th GOF South: Your MG Holiday

April 14-17 2026

'Radisson Resort at the Port' in Port Canaveral, FL

Fall is upon us! Thank heavens!!

Orders are now being placed for our Autumn MG garb. I am excited to put on long sleeves again and especially excited to finally have MG attire to match the season. I will begin delivery of the long sleeve and polos well in advance of our upcoming overnighter at the Cape. So ready your suitcase for the inclusion!

Please do reach out quickly via the apparel form if you still need for the season, OR dare I say it, a certain December event requiring a gift. Do indicate if you need the order shipped and thank you in advance for including the shipping cost noted on the form. Otherwise, apparel will be delivered at the GOF or at an upcoming CMGC event. In order to keep our unit cost down, we order when we have significant volume. I anticipate a following order won't be placed until the January timeframe. (unless demand dictates it be sooner).

More good news for our GOF; NAMGAR will be joining us! They will be holding a regional meeting during our event. I am so excited for our club to have the honor of their attendance and the addition of their MGAs. Collaboration between owners and sharing the love of these cars is what we share in common. I also want to thank them for their sponsorship of the GOF South by placing an article in their Jan-Feb 2026 edition of their magazine, MGA!

Finally, I want to thank the many members of our club who have already raised their hands to volunteer. It is because of you that we are getting so much energy flowing into our GOF. That said, I do need some extra hands for the registration desk. We anticipate Tuesday and Wednesday the 14th and 15th of April to be our busiest, so I really appreciate having at least 3 folk per day to support and relieve each other. My promise is that the pre-work and preparation will make it a fun and easy effort. Thank you in advance for letting me know you are game!

Cheers to the Best GOF 2026!

1954 MG TF, finished in Birch Grey with a red interior. Asking \$25,000.00 O.N.O
From records acquired with the car, it has undergone a multi-year frame up refurbishment starting in 1999 to present. That included re-wiring, a rebuild of the engine - .060" overbore, regrinding of the crankshaft and the camshaft, new pistons and bearings, lightened flywheel, and replacement seals, new body wood, replacement steel inner and outer quarter panels, fresh paint, a new top, matching side curtains and tonneau cover. Front shocks also were rebuilt and new rubber bushings were installed for the front suspension and steering. The brakes received a new master cylinder, bushings, wheel cylinders, and copper alloy lines.

I acquired it in 2021 and changed the interior from black to red, restoring the original factory color combination. Other additions by myself include a new clutch, new tires, replacement bumpers, fender-mounted mirrors, new starter motor, oil change, tune up, (MG club team effort led by George Pardee!) and lots of little fixes. It's a lovely example and drives really well but is not perfect so there's always more to do. Spoiler alert – it leaks oil and the windshield wipers suck – go figure!

Extraordinary Provenance - Extraordinary Car: One family 1950 MG TD For Sale
MG TD car #2932 was purchased new from International Motors NYC by Blair Engle's father, a member of the Westchester Sports Car Club. Blair became an MG fanatic at an early age and proudly took custody of the TD in 1962. A graduate Engineer, Blair was a founding member of the Classic MG Club and of MG Vintage Racers; #199 in the New England MG 'T' Register. While serving as the engineer in charge of the FSU Physics Lab, he operated The Classic MG Shop in Tallahassee. A Moss Motors Distributor since the 1970's, he performed the exacting restoration of the TD with NOS parts and accessories, which now, if available at all, are only reproductions.

The engine was upgraded to TD MkII specs with dual fuel pumps, large valves and 1-1/2" carbs, resulting in outstanding performance. For the last 50 years, the car has been kept in an air conditioned garage, driven and shown periodically by Blair's son Craig. The TD's lacquer paint has minor flaws, and the power unit has the usual slight leaks. The car presents beautifully, enhanced by the correct period accessories.

\$22,500.00 or near offer.
